

The Saguaro Seed

**From a saguaro a seed fell
A mouse came by and picked it up
A slithering snake followed the mouse
Then a roadrunner ran to follow the snake
A big hungry coyote followed that
roadrunner
The mouse reached it's hole and hopped in
It was getting late
The snake gave up following the mouse
The roadrunner stopped stalking the snake
And the coyote gave up chasing the
roadrunner
Coyote took a bite of cactus fruit Instead !**
